

Winnebago Towables Supports Warrior Expeditions

May 21, 2020

MIDDLEBURY, INDIANA, May 21, 2020 – Winnebago Towables proudly assisted Warrior Expeditions in engaging veterans in the outdoors by donating a Micro Minnie 1700BH.

"Warrior Expeditions is incredibly grateful for Winnebago's ongoing support and generous donation of a Micro Minnie Travel Trailer," said Sean Gobin, Warrior Expeditions' Executive Director. "This trailer will allow our staff to safely travel around the country supporting our expeditions in remote areas, while also allowing us to carry the gear and supplies needed to outfit our veterans."

Warrior Expeditions is a non-profit organization providing intensive, long-distance outdoor therapy programs to honorably discharged combat veterans. The organization's goal is to help veterans' transition from wartime trauma through transformative outdoor experiences. On each Warrior Expedition, veterans are provided with equipment, clothing and supplies needed for the trip. The program runs by the support of sponsors and donations.

Winnebago Towables has provided Warrior Expeditions with a Micro Minnie 1700BH—this 7-foot-wide unit stretches to just over 20 feet long and features two bunk beds in the rear with additional sleeping in the front. The unit will accompany veterans on their hiking expeditions and will allow for more gear storage, security, and a comfortable home-base.

"Now, more than ever, we appreciate the restorative power of the outdoors. Winnebago Towables is committed to enabling transformative outdoor experiences and we could not be more excited about helping support Warrior Expeditions and the wonderful work they are doing for our combat veterans," said Scott Degnan, Winnebago Towables Vice President.

Since 2013, Warrior Expeditions veterans have reported significant improvements in their physical, mental, and social well-being during and after their journeys which include:

- Decompressing from their military service and coming to terms with their wartime experiences.
- Experiencing camaraderie with other veterans who understand the challenges of transitioning from military service to civilian life.
- Interacting with community supporters along the way that facilitates their reintegration into society, restores their faith in humanity, and builds a network of life-long friendships.

About Warrior Expeditions

Warrior Expeditions is a 501(c)3 nonprofit outdoor therapy program that helps combat veterans transition from their wartime experiences through long distance outdoor expeditions. Since 2013, Warrior Expeditions has supported veterans along 10 long distance trails that total 20,000 miles and cross 35 states. Warrior Expeditions is based out of Roanoke, Virginia with EIN 46-46-5201997. Learn more about Warrior Expeditions at WarriorExpeditions.org.
