

Winnebago Industries to Display New 2015 Products at California RV Show - Pomona

October 10, 2014

FOREST CITY, IA -- (Marketwire) -- 10/10/14 -- Winnebago Industries, Inc. (NYSE: WGO), a leading United States (U.S.) recreation vehicle manufacturer, has a host of new 2015 products on display at the RVIA's Annual California RV Show taking place October 10-19, 2014 at the Fairplex in Pomona.

A full complement of products will be on display, including the debut of the new Grand Tour 42HL. Featuring the show-stopping "Sunray" premium exterior full-body paint package and the interior "Passages" fabric collection with "Glazed Honey" cabinetry, the Grand Tour is the final stop for luxurious living. It features the 450-hp Cummins turbo-charged diesel engine on Winnebago Industries exclusive Maxum tag axle chassis with lowered rail construction for unequaled ride, performance and storage capacity. Inside the Grand Tour, enjoy luxury six-way adjustable Villa cab seats in Ultraleather with power footrests on both driver and passenger seats with heat, massage and power lumbar support. They also feature Winnebago's exclusive Ergo design that positions the seats to maximize comfort and allow them to easily swivel to become fully functional luxury seating elements within the living space when parked. Additional upscale luxurious amenities that add to the Grand Tour experience include polished porcelain tiles, a large skylight with powered shade, Villa furniture, keyless entry and six full-body paint packages. Multiplex switch panels located throughout the all-electric coach allow you to easily control coach functions, including exterior and interior lights, hydraulic jacks, MCD power shades, slideout rooms, and more, while the Carefree Paramount awnings extend from the top of the RV to three easy positions: slideout, slideout and window, and full patio extension.

Also on display is a "Flame Red" Travato that is available with optional bike rack, luggage rack and ladder and kayak racks that appeal to active outdoor enthusiasts. Built on the Ram ProMaster chassis, the fuel efficient Travato Class B has a flexible floorplan, complete with a spacious murphy bed that lifts out of the way to maximize floor space so you can easily bring along your favorite toys, an available full width screen for the sliding door lets in cool breezes and keeps out bugs and a host of additional features that make it a true traveling experience.

The new retro-styled 2015 Brave and Tribute are also on hand. The Brave and Tribute bring back the legendary "eyebrow" design with a fresh new modern look. Beyond appearance, the new Brave and Tribute are loaded with today's best features and are offered in three versatile floorplans fit for weekend getaways or extended trips. Available in both the Brave and Tribute lines, the new 31C features a full-wall slideout on the driver's side of the vehicle, while there's a dinette slideout on the passenger side, making an incredibly large living area inside. With an available StudioLoft bed over the cab area, sofa/bed, and a rear queen or optional king bed, there is sleeping available for up to six inside. The Brave and Tribute 31C also have plentiful storage, including a large wardrobe across the bedroom wall. A split bath with privacy doors on either side also provides a flexible living space.

Another great new Class B floorplan is the Era 170C. Built on the fuel efficient Mercedes-Benz chassis, the Era 170C features a slideout and hydronic heating system. The 170C also features a unique storage system in the rear of the unit that incorporates secondary access to the shower stall, providing easy to use storage space for oversized items such as golf clubs.

A full complement of Winnebago Towables are also on display, including the Micro Minnie, colorful Minnie and Ultralite trailers, as well as the Voyage, Latitude, and Destination fifth wheels.
