WINNEBAGO INDUSTRIES, INC.
PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Winnebago Industries, Inc., an Iowa corporation (the "Company"), P.O. Box 152, Forest City, Iowa 50436, of proxies to be used at the Annual Meeting of Shareholders of the Company to be held at Friendship Hall, Highway 69 South, Forest City, Iowa on December 14, 1994, at 7:30 p.m., Central Standard Time, and at any and all adjournments thereof. This Proxy Statement was first mailed to shareholders on or about November 14, 1994.

Only holders of Common Stock of record at the close of business on October 17, 1994 will be entitled to vote at the Annual Meeting of Shareholders. At such date, the Company had outstanding 25,238,988 shares of Common Stock, par value \$.50 per share ("Common Stock"). Each share of Common Stock entitles the holder to one vote upon each matter to be voted upon at the meeting. A majority of the outstanding shares of Common Stock will constitute a quorum for the Annual Meeting of Shareholders. Election of each director requires the affirmative vote of the holders of a majority of the shares of the Company's Common Stock entitled to vote at the meeting.

A form of proxy is enclosed for use at the meeting. If the proxy is executed and returned, it may nevertheless be revoked at any time insofar as it has not been exercised. A person giving the enclosed proxy may revoke it by giving written notice to the Secretary, or by subsequently granting a later-dated proxy. Unless revoked, the shares represented by validly executed proxies will be voted at the meeting in accordance with the instructions indicated thereon. Withholding authority to vote on a director nominee will in effect count as a vote against the director nominee. If no instructions are indicated on the proxy, it will be voted: (i) for the election of the nominees for director named below; and (ii) in the discretion of the named proxies upon such other matters as may properly come before the meeting. Abstentions are treated as present and entitled to vote for purposes of determining a quorum and the number of votes necessary to act on a matter and thus have the effect of a vote against a matter. The Company will treat broker non-votes as present for purposes of establishing a quorum but on a matter as not entitled to vote on that matter and thus not counted in determining whether a majority of the vote of the shares entitled to vote has been cast.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

The Board has established Audit, Human Resources and Nominating Committees to assist it in the discharge of its responsibilities. The principal responsibilities of each of these committees are described below.

The members of the Audit Committee are Messrs. Croonquist, Elwick and Shuster. Each year, the committee recommends to the Board the appointment of independent public accountants to examine the books of the Company. It reviews with representatives of the independent public accountants the auditing arrangements and scope of the independent public accountants' examination of the books, results of those audits, their fees and any problems identified by and recommendations of the independent public accountants regarding internal controls. The committee is also prepared to meet privately at any time at the request of the independent public accountants or members of management to review any special situation arising on any of the above subjects. The committee met four times in fiscal 1994.

The Human Resources Committee, consisting of Messrs. Elwick, Zimmerman and Zrostlik, met four times in fiscal 1994. This committee makes recommendations to the Board of Directors as to the salary of the Chief Executive Officer (CEO) and sets the salaries and bonus payments, if any, of all other employee-directors and elected officers. It also has responsibility for administration of the Officer Incentive Compensation Plan and certain other employee incentive plans.

The members of the Nominating Committee are Messrs. Hanson, Croonquist and Dohrmann. This committee recommended to the Board the director-nominees proposed in this Proxy Statement for election by the shareholders. It reviews the qualifications of, and recommends to the Board, candidates to fill Board vacancies as they may occur during the year. The Nominating Committee will consider suggestions from all sources, including shareholders, regarding possible candidates for director. Such suggestions, together with appropriate biographical information, should be submitted to the Secretary of the Company. The committee met once in fiscal 1994.

The Board of Directors of the Company held seven meetings during fiscal 1994.

Actions taken by any committee of the Board are reported to the Board of Directors, usually at its next meeting. During fiscal 1994, all of the directors attended more than 75 percent of the aggregate of Board of Directors' meetings and meetings of committees of the Board on which they served. Each director (except a director who is an employee of the Company) currently receives a monthly fee of \$1,400.

The Winnebago Industries, Inc. Stock Option Plan for Outside Directors (the "Outside Directors Option Plan") provides that each director who is not a current or former full-time employee of the Company or a subsidiary (an "Outside Director") will receive an option to purchase 10,000 shares of Common Stock. Pursuant to the Outside Directors Option Plan, each Outside Director as of May 7, 1992 (consisting of Messrs. Croonquist, Elwick and Shuster) automatically received an option to purchase 10,000 shares of Common Stock at a price of \$5.50 per share. In addition, each person who first becomes a member of the Board of Directors as an Outside Director after May 7, 1992 will automatically receive an option to purchase 10,000 shares of Common Stock as of the date on which such person first becomes an Outside Director. Under this provision, Frederick M. Zimmerman received an option to purchase 10,000 shares of Common Stock on December 16, 1992 at a price of \$9.00 per share and Francis L. Zrostlik received an option to purchase 10,000 shares of Common Stock on December 15, 1993 at a price of \$8.875 per share. In addition, under this provision, Donald W. Olson will receive an option to purchase 10,000 shares of Common Stock if he is elected as a Director. No option is exercisable during the first year after the date such option is granted. Thereafter, the options are exercisable for a period of ten years from the date each such option is granted. Notwithstanding the foregoing, in the event of a merger, consolidation, dissolution or liquidation of the Company, the expiration dates of any outstanding options may be accelerated and the dates on which outstanding options may be exercised may be accelerated, but the effectiveness of such acceleration and any exercise of options pursuant thereto with respect to shares in excess of the number of shares that could have been exercised in the absence of such acceleration, is conditioned upon, among other requirements, the consummation of the merger, consolidation, dissolution or liquidation. The purchase price of options granted under the plan is equal to 100 percent of the fair market value per share of the Common Stock at the time the option is granted. At August 27, 1994, options for 50,000 shares were outstanding under the Outside Directors Option Plan and options for 50,000 shares were available for grant thereunder.

REPORT OF THE HUMAN RESOURCES COMMITTEE ON EXECUTIVE COMPENSATION

Notwithstanding anything to the contrary set forth in any of the Company's previous or future filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate this Proxy Statement or future filings with the Securities and Exchange Commission, in whole or in part, the following report and the Performance Graph which follows shall not be deemed to be incorporated by reference into any such filings.

The Human Resources Committee of the Board is the compensation committee of the Company. This Committee reviews and approves compensation plans for all corporate officers, including salaries, profit sharing awards and stock option grants.

In designing its compensation programs, the Company follows its belief that compensation should reflect the value created for shareholders while furthering the Company's strategic goals. In doing so, the compensation programs reflect the following goals:

- * Align the interests of management with those of shareholders;
- * Provide fair and competitive compensation;
- * Integrate compensation with the Company's business plans;
- * Reward both business and individual performance; and
- * Attract and retain key executives critical to the success of the Company.

The Company's executive compensation is primarily based on three components, each of which is intended to help achieve the overall compensation philosophy; these are base salary, quarterly incentive awards and long-term incentives.

Base salary levels for the Company's executive officers are set by the Committee and approved by the Board of Directors. In determining base salary levels and annual salary adjustments for executive officers, including the Chief Executive Officer (CEO), the Committee considers market compensation levels in its peer group in the recreation vehicle industry as well as individual performance and contributions. During fiscal 1994, Fred G. Dohrmann was named CEO in recognition of his instrumental role in implementing quality and cost control programs that are now driving the profitability of the Company.

The base salary of John K. Hanson as the CEO was \$125,000 in fiscal 1992 and \$250,000 in fiscal 1993. The base salary for fiscal 1994 of Mr. Dohrmann as the CEO was \$200,000, unchanged from the prior fiscal year during which Mr. Dohrmann was President and Chief Operating Officer. Mr. Dohrmann as the CEO participates in the quarterly incentive award program for officers and other key management personnel described below. The Committee has not found it practicable to, and has not attempted to, assign relative weights to the specific factors considered in determining the CEO's compensation.

The Company's officers (including the CEO) and other key management personnel are eligible for quarterly incentive awards. These awards are based upon the Company's attainment of a predetermined profit goal for each fiscal quarter. The profit goals are recommended by Management and approved by the Board of Directors each year at the beginning of the fiscal year. The Committee believes that this program provides an excellent link between the value

created for shareholders and the incentives paid to the participants. Incentive award levels are established for each class of participant and are correlated to the profit goal. The profit goal, for purposes of this plan, is based upon certain specified operations of the Company less the combined expenses, deductions, and credits of the Company attributable to such operations. In computing the incentive compensation profit, no deduction shall be taken or allowance made for federal or state income taxes, or any expenses associated with retirement plans or incentive compensation plans. Incentive awards are determined in proportion to the actual operating profit achieved for each quarter in relation to the profit goal that was set. If the operating profit achieved is less than 80 percent of the goal set, no bonus is paid and the maximum bonus paid is paid at 120 percent of the profit goal. The maximum bonus payable under this plan is 70 percent of an officer's base salary.

Aggregate incentive awards under the plan were 49.0 percent for the officers participating in the quarterly incentive awards program. Mr. Dohrmann received \$100,000 in fiscal 1994 pursuant to this program. In addition, for fiscal 1994, Mr. Dohrmann was awarded a discretionary bonus of \$30,000 based on the Committee's positive assessment of his performance and contributions as CEO. John K. Hanson did not participate in such program, but received discretionary bonuses of \$125,000 in both fiscal 1994 and fiscal 1993.

Long-term incentives, provided through grants of stock options to the named executives and others, are intended to retain and motivate executives to seek to improve long-term stock market performance. Stock options are granted at the prevailing market price and will only have value if the Company's stock price increases. No option is exercisable during the first year after the date such option is granted. Thereafter, options are exercisable during the period thereof at such time or times and in such amount or amounts as determined by the Committee. No option may be exercised more than ten years from the date of its grant. Executives must be employed by the Company at the time of vesting in order to exercise options. During fiscal 1994 the Committee awarded the CEO stock options for 25,000 shares of the Company's Common Stock.

Since all options are granted at the current market price, the value of the option bears a direct relationship to the Company's stock price and is an effective incentive for executives to create value for shareholders. The Committee, therefore, views stock options as an important component of its long-term performance-based compensation philosophy, but does not believe that granting options every year is necessary to achieve such goals.

No member of the Human Resources Committee is a current or former officer or employee of the Company or any of its subsidiaries.
