

FOR IMMEDIATE RELEASE

Grand Design RV Unveils Exciting Innovations and New Models at the 2026 Florida RV SuperShow

Middlebury, IN – January 9, 2026 – Grand Design RV, a leading manufacturer of motorized and towable recreational vehicles, announced that it will have more than 70 units on display at the 2026 Florida RV SuperShow, taking place January 14 – 18 at the Florida State Fairgrounds in Tampa. In addition to fan favorite new floor plans like the Solitude 414LJM, Momentum 399M, and Lineage Series M 25TK, Grand Design will showcase industry-leading innovation across their premium brands.

- **Destination Trailers:** The Florida RV Supershow will feature the show debut of the Foundation 42GD, Grand Design RV's first destination trailer. This innovative model introduces an industry-first design, including a rear lofted observation deck with waterproof woven flooring and a composite substrate, as well as a Tek Modo one-piece fiberglass roof.
- **Travel Trailers:** Reflection models debut a fresh new look with updated graphics and a new option for full body paint. A highlight is the 317RSTS featuring auto-leveling, ABS with sway control, and a spacious outdoor kitchen, delivering a travel trailer look with a fifth-wheel feel. Transcend introduces several new floorplans, including the highly anticipated 285RKT, plus upgrades like the EZ Antifreeze system, Starlink prep, and solar scalability. Imagine brings exciting additions with models like the 19MLA and 25RLE, along with enhancements such as ABS with sway control, MORryde CRE-3000 suspension, and GE appliances on select lines.
- **Fifth Wheels:** The new Omega Fifth-Wheel Frame by Lippert Components is now standard across all Grand Design fifth wheels. Reflection debuts a refreshed graphics package, Touring Edition Suspension, Helux Pinbox, and introduces the first fifth wheel with a front windshield, the 360FLS. Full-body paint is also available now on some Reflection fifth wheels. Solitude and Influence now feature MORryde independent suspension and disc brakes for enhanced towing and stopping power as standard, engineered composite worry-free roofs, refreshed décor, new monochrome full body paint options and exciting new floorplans, including the Influence 3904BH and Solitude 414LJM.

- **Toy Haulers:** All full-size Momentum models now feature MORryde Independent Suspension with disc brakes for enhanced towing and stopping power, the new Omega fifth wheel frame and LoadIQ, an onboard weight management system for a safer, smoother experience. In addition, Momentum fifth wheels now include a 3-season wall that acts as a ramp or patio when open and features additional insulation and additional security features when closed. Cosmetic updates include refreshed décor and new monochrome paint options, now available on G-Class fifth wheels. New floorplans that debut in Tampa are the Momentum 396DB, Momentum G-Class 394G, and the 28MAV.
- **Motorized:** The Lineage LVP1 will make its debut, built on a high-roof Ram Promaster chassis with seating for six and sleeping for four which is perfect for families or group travelers. The Lineage Series F 43 package elevates the RV experience with bold custom finishes, advanced suspension technology, and precision-crafted details, delivering unmatched power, elegance, and a first-class driving experience on or off the road.

“In all my years in this industry, I’ve never been more excited about a product lineup than what we’re bringing to Tampa,” said Don Clark, CEO, President & Co-Founder of Grand Design RV. “This is the most innovative collection of RVs we’ve ever introduced, combining advanced engineering, bold design, and features that truly redefine the RV experience. If you want to see the future of RVing, you’ll find it at our booth.”

Partnering with Campers Inn (Towables) and General RV (Motorized), attendees can enjoy immersive displays, influencer meet-ups, and an Owner’s Appreciation Tent featuring exclusive merchandise and photo opportunities. There are also opportunities to meet the Grand Design team behind the products.
