Specialized Disclosure Report

WINNEBAGO
INDUSTRIES

WINNEBAGO INDUSTRIES, INC.

(Exact name of registrant as specified in its charter)

Minnesota

(State or other jurisdiction
of incorporation)

001-06403

(Commission
File Number)

**13200 Pioneer Trail,
Eden Prairie, Minnesota**

(Address of principal executive offices)

55347

(Zip Code)

Stacy L. Bogart

(952) 829-8600

(Name and telephone number, including area code, of the
person to contact in connection with this report.)

Check the appropriate box to indicate the rule pursuant to which this form is being filed:

Rule 13p-1 under the Securities Exchange Act (17 CFR 240.13p-1) for the reporting period from January 1 to December 31, 2023.

Rule 13q-1 under the Securities Exchange Act (17 CFR 240.13q-1) for the fiscal year ended _____.

Section 1 - Conflict Minerals Disclosure

Item 1.01 Conflict Minerals Disclosure and Report

A copy of Winnebago Industries, Inc.'s ("Winnebago's") Conflict Minerals Report for the reporting period from January 1, 2023 to December 31, 2023 is provided as Exhibit 1.01 hereto and is publicly available at www.winnebagoind.com under Investors and Financial Information. Winnebago's determination and related due diligence efforts are included in Winnebago's Conflict Minerals Report and incorporated by reference herein.

Item 1.02 Exhibit

A copy of Winnebago's Conflict Minerals Report is filed as Exhibit 1.01 hereto.

Section 2 - Resource Extraction Issuer Disclosure

Item 2.01 Resource Extraction Issuer Disclosure and Report

Not applicable.

Section 3 - Exhibits

Item 3.01 Exhibits

The following Exhibit 1.01 is filed as part of this Specialized Disclosure Report on Form SD.

Exhibit Number	Description
1.01	Conflict Minerals Report for the reporting period January 1, 2023 to December 31, 2023 as required by Items 1.01 and 1.02 of this Form

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the duly authorized undersigned.

WINNEBAGO INDUSTRIES, INC.

Date: May 23, 2024

By: /s/ Stacy L. Bogart
Name: Stacy L. Bogart
Title: Senior Vice President, General Counsel, Secretary and Corporate Responsibility

Winnebago Industries, Inc.
Conflict Minerals Report
For the Year Ended December 31, 2023

The "Company," "Winnebago Industries," "we," "our," and "us" are used interchangeably to refer to Winnebago Industries, Inc. and its consolidated subsidiaries.

This Conflict Minerals Report of Winnebago Industries, Inc. for calendar year 2023 is presented in accordance with Rule 13p-1 ("Rule 13p-1") under the Securities Exchange Act of 1934 (the "1934 Act"). Please refer to Rule 13p-1, Form SD and the 1934 Act Release No. 34-67716 for definitions to the terms used in this Report, unless otherwise defined herein.

Winnebago Industries, a manufacturer with a diversified portfolio of recreation vehicles and marine products, has determined that its products were manufactured with tin, tantalum, tungsten, and gold, which were necessary for the functionality of such products. In accordance with Rule 13p-1, Winnebago Industries performed due diligence as noted below to determine the conflict minerals' status of the necessary conflict minerals used in its product manufacturing.

On April 28, 2023, Winnebago Industries purchased 100% of the equity interests of Lithionics Battery, LLC and Lithionics LLC (collectively, "Lithionics"), a premier lithium-ion battery solutions provider to the recreational equipment and specialty vehicle markets. In accordance with Instruction 3 to Item 1.01 of Form SD, the scope of this Report does not include any products manufactured or contracted to be manufactured by Lithionics.

Overview of Conflict Minerals Program and Reasonable Country of Origin Inquiry

- We have structured compliance efforts internally to support supply chain due diligence. Winnebago Industries has developed a team responsible for the conflict minerals program. The team reports to the General Counsel.
- We have established a system of controls and supply chain transparency through the adoption and use of due diligence tools created by the Electronic Industry Citizenship Coalition and the Global e-Sustainability Initiative ("EICC/GeSI"). This included the use of the Conflict Minerals Reporting Template ("CMRT"), a supply-chain survey.
- We have conducted a supply chain survey of our largest suppliers that potentially provided parts and materials containing conflict minerals. The survey requested suppliers to identify smelters and refiners, using the CMRT. As a downstream manufacturer, we rely on our vendors to provide the origins of all of our conflict minerals, including the location of the smelter, mine, or transit route of the minerals.

Design of Due Diligence

We have reviewed our suppliers and sourcing decisions, and integrated into our management programs the Organization for Economic Cooperation and Development Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas: Second Edition ("OECD Framework"), an internationally-recognized due diligence framework. Winnebago Industries communicated to applicable suppliers our efforts to comply with Rule 13p-1.

Description of Due Diligence Measures Performed

We have included a summary below of the description of the measures performed to exercise due diligence on the source and chain of custody of the necessary conflict minerals contained in our products, which may have originated from the Covered Countries and may not have come from recycled or scrap sources:

- We evaluated survey responses to identify: (i) the use and source of conflict minerals, and; (ii) any indicators that conflict minerals may have come from the Democratic Republic of the Congo or an Adjoining Country.
- We compared smelters and refiners identified by the supply chain survey against the list of smelters and refiners that are compliant with the Responsible Minerals Assurance Process ("RMAP") assessment protocols.
- We made additional inquiries on a case-by-case basis if smelter and refinery information was deemed inconsistent, inaccurate, or incomplete.
- The status of risk mitigation efforts was summarized and provided to Winnebago Industries' management.
- Our conflict minerals compliance results are reported annually to the SEC and are made publicly available on our website.

Product Determination

All products manufactured by Winnebago Industries are deemed to contain conflict minerals only when necessary to the products' functionality. We produce products that include motorhomes, travel trailers, fifth wheel trailers, specialty commercial vehicles, and marine products, as well as supporting RV and marine products. Based on the surveys provided and notifications that our suppliers' diligence efforts were incomplete, we do not have sufficient information to conclusively determine all smelters or refiners or Countries of Origin of the conflict minerals. However, based on the data provided by the Reasonable Country of Origin Inquiry, we have provided a list of the smelters and refiners that were reported in the surveys provided to us by our suppliers on Annex I. The majority of our suppliers reported conflict minerals' use at the company level, not at the product level. As such, we cannot definitively state whether these conflict minerals were included in the products supplied to Winnebago or further validate that these smelters or refiners exist in our supply chain. However, if any smelter or refiner is identified as having a potential sanctions risk as part of the screening process set forth above, we work with the relevant suppliers to evaluate and remediate such risks in a manner consistent with applicable sanctions program requirements, including, where appropriate, requesting that suppliers remove sanctioned smelters and refiners from their supply chain.

Future Due Diligence

There were numerous suppliers that did not identify any smelters or refiners used and an additional group of suppliers that did not provide a response to our survey. In our efforts to obtain timely and accurate information from our supply chain, we intend to execute the following:

- Continue to assess the presence of conflict minerals in our supply chain.
- Clearly communicate expectations with newly contracted and delinquent suppliers.
- Continue to improve our risk mitigation strategy.
- Continue to encourage our direct suppliers to assess their supply chain risks.
- Continue to encourage our direct suppliers to provide complete and accurate information.

As we progress, we expect that transparency in our supply chain will increase, which will allow for more accurate and detailed levels of risk assessment within our supply chain.
